

Dr. Mohammad Hossein Panahi

PhD in Epidemiology

Position: Assistant professor

Tel: +98 21 22 43 20 40- 1

Email: mhpanahi2020@gmail.com

Academic email: mhpanahi@sbmu.ac.ir

Profiles: [ISID](#), [ORCID](#)

Areas of expertise: Communicable and Non-communicable diseases epidemiology, Infectious disease modeling, Diseases Surveillance system, Outbreak Investigations.

Curriculum Vitae

Personal information

- **First name:** Mohammad Hossein
- **Surname:** Panahi
- **Work Address:** Department of Epidemiology, School of Public Health and Safety, Shahid Beheshti University of Medical Sciences- Velenjak st- Shahid Chamran Highway - Tehran- Iran
Tel : +98 21 22 43 20 40- 1
Postal code: 198353-5511
- **Academic email:** mhpanahi@sbmu.ac.ir
- **Email:** mhpanahi2020@gmail.com

Education

- PhD in Epidemiology, Tehran University of Medical Sciences, Tehran, Iran (2019)
- MSc in Epidemiology, Shahid Beheshti University of Medical Sciences, Tehran, Iran (2013)
- BSc in Public health, Iran University of Medical Sciences, Tehran, Iran (2005)

Scientific Positions

- Assistant professor in Shahid Beheshti University (Since 2020)
- Member of Non-communicable disease, ministry of health (2012-2019)
- Expert in communicable disease in Shahid Beheshti University of Medical Sciences (2006-2011)

Research Interests

- Communicable and Non-communicable diseases epidemiology
- Infectious disease modeling
- Diseases Surveillance system
- Outbreak Investigations

Honors and awards

- Rank first among PhD graduated students, Tehran university of medical sciences
- Brilliant talent PhD student, Tehran university of medical sciences
- Prominent researcher student of Tehran university of medical sciences (2020)

Teaching experience

- Non-communicable diseases for MPH students
- Fundamental of epidemiology
- Probability and biostatistics
- Fundamental of epidemiology and disease control
- Biostatistics and research methods
- Non-communicable diseases controls and its epidemiology
- Epidemiology of infectious disease: Introductory and fundamental
- Disease outbreaks: Identification and control

Workshops

- Quality control for cancer registries- Ministry of health
- SPSS software for faculty member- Azad university
- Investigation and Control of Disease Outbreaks in Iran- Epidemiology congress
- Disease registries- Shahid Beheshti University of Medical Sciences

Research projects

- Developing method for accessing and maintaining data from studies supported by the Ministry of Health and Medical Education (2017)
- Evaluation of educational and research performance of faculty members and students of Shahid Beheshti University of Medical Sciences - 2016-2017 (2016)
- Investigation of the distribution of complications, survival status and the factors affecting them in patients with major thalassemia beta in certain areas of Iran (2017)
- Challenges in Implementing Package of Essential Non-Communicable Diseases Interventions in Iran's Healthcare System (2016)

Books

- Iran Package of Essential NCD Interventions "IraPEN" (Health workers) (2017)
- Iran Package of Essential NCD Interventions "IraPEN" (Midwives) (2017)
- Iran Package of Essential NCD Interventions "IraPEN" (Medical Doctors) (2017)
- Guideline: national cancer registry (2012)
- National Health Guide (2013)

Internal and external congress

- Interaction between chronic kidney disease and metabolic syndrome on cardiovascular diseases: TLGS, International Congress of Iranian Students in Mazandaran, Oral presentation (2013)
- Quality of life in parents of children with PKU in Tehran, 2015, Ilam congress, Poster (2016)
- Acute respiratory syndrome outbreak in Ahwaz 2013, Ilam congress- Poster (2016)
- Epidemiology and prospects of cancer in Iran, Tabriz cancer congress, Oral presentation (2019)
- The prevalence of colorectal cancer in first-degree relatives of patients with colorectal cancer, Epidemiology congress, Poster (2019)

Papers
